Culturally relevant or responsive teaching is a pedagogy grounded in teachers' displaying cultural competence: skill at teaching in a cross-cultural or multicultural setting. They enable each student to relate course content to his or her cultural context. While the term often deals specifically with instruction of African American students in the United States, it has been proven to be an ...

In cognitive linguistics, conceptual metaphor, or cognitive metaphor, refers to the understanding of one idea, or conceptual domain, in terms of another. An example of this is the understanding of quantity in terms of directionality (e.g. "the price of peace is rising") or the understanding of time in terms of money (e.g. "I spent time at work today"). A conceptual domain can be any coherent ...
