Art historians and critics have organized the stylistic developments of modern art into a chronology of movements and ideas, each of which challenged artistic conventions with greater intensity. What follows is a brief description of some of the schools and movements that characterize modern art.

### **WHAT MAKES MODERN ART MODERN - LACMA**

Within the context of art history, the term MODERN ART refers to art theory and practice, predominantly in Western Europe and North America, from the 1860s to the late 1960s - the period associated with MODERNISM. Modern Art is defined in terms of a linear progression of styles, periods and schools, such as

### **WHAT IS - Museum of Modern Art Ireland**

Modern art is the creative world's response to the rationalist practices and perspectives of the new lives and ideas provided by the technological advances of the industrial age that caused contemporary society to manifest itself in new ways compared to the past.

or accelerating atmospheric factor. The history of modern art is presented as an internal, immanent process among the artists; abstract art arises because, as the author says, representational art had been exhausted. Out of boredom with "painting facts," the artists turned to abstract art as a pure aesthetic activity.
