why 40 80 of pdf

The distribution of wealth is a comparison of the wealth of various members or groups in a society. It shows one aspect of economic heterogeneity. The distribution of wealth differs from the income distribution in that it looks at the economic distribution of ownership of the assets in a society, rather than the current income of members of that society. According to the International ...

Wealth inequality in the United States (also known as the wealth gap) is the unequal distribution of assets among residents of the United States. Wealth includes the values of homes, automobiles, personal valuables, businesses, savings, and investments. The net worth of U.S. households and non-profit organizations was \$94.7 trillion in the first quarter of 2017, a record level both in nominal ...
